

Selfridge ANGB Civilian Fly-in Registration

Thank you for your interest in the Selfridge ANGB Civilian Fly-in scheduled for 20/21 August 2011.

- The arrival window is 7:00-8:30 AM. Departure will be between approximately 5:00-6:00 PM.
- *Events include Selfridge ANGB Mission, Mid-Air Collision Avoidance briefing, BASH Safety, Operating in a MOA, FAA Safety brief, static displays, and more.*

Please note the following:

- Pre-registration is **REQUIRED**.
- We are limited to 15 aircraft per day. First to register will be first on the list. Passengers are encouraged.
- VHF or UHF radio communication is required. ATIS: 125.325/270.1 Approach: 119.6/318.2 Tower freq: 120.15/225.4 Ground freq: 128.3/275.8 Clearance Delivery: 119.0/259.95
- Fuel will be available.
- Aircraft tie-down points and hangers will NOT be available.
- Chocks will not be available. Please bring your own Chocks.

We require the following be delivered to us no later than June 29:

- Per Air Force regulations, each pilot must return a signed DD form 2402, *Civil Aircraft Hold Harmless Agreement*. This document is a form of military liability release. We must have an original blue ink signed form before you can land at the base. Faxed copies are not authorized. Individual owners complete blocks 2.b.1-4. and block 4. Corporations complete all items in blocks 2-4.
- A copy of your FAA pilot license and aircraft insurance.

Prior Permission Required (PPR) number:

- Once we receive your registration, we will contact you with your PPR number. The control tower will ask you for your PPR number on initial contact. This is the Air Force's procedure for verifying that inbound aircraft, civilian or military, have pre-coordinated their flight and do indeed have permission to land. Tower will only give you clearance into their airspace after you have given them this number.

Please fill out the information below and mail this form, along with the DD form 2402, pilot license, and aircraft insurance no later than June 29 to:
